IKRAM KHAN

PERSONAL PROFILE

I am a software developer with experience in multiple languages and development methodologies. I excel in full-stack development and have a track record of delivering quality projects on-time. I am passionate about staying current with industry trends and am eager to learn new technologies. I work well independently or in a team environment. Furthermore, I want to work with a company that values innovation and creativity.

TECH SKILLS

Frontend

Html, CSS, Bootstrap, and JavaScript

Backend

Node.js, SQL, MongoDB, Express, Python and React

Other

Linux, Jest, Selenium, Playwright, Openpyxl, Axios and Google Web Apps

EXPERIENCE

Northcoders | Junior Full-Stack Software Developer

July 2022–November 2022

Northcoders is a 12-week coding bootcamp where I covered sprints from basic JavaScript katas to creating solo and team react projects. We have done the following:

- Katas (beginner, intermediate and advanced)
- OOP, recursions, closures and DOM Manipulation
- Frontend, Backend (Seeding, Axios and Express), React and API Fetching

Project Links:
- ➢ Solo Project – https://ikram-googlebooks.netlify.app/
  My solo project is built with HTML, CSS, Axios and React with the Google Books API
- ➢ Team Project – https://wordpearl-hackstreet.netlify.app/
  In the team project, I had worked on all the CSS and some React components
- ➢ Pokémon Battler – https://github.com/Ikrambo92/Pokemon-Battler-Public
  A Pokémon battler game within the command line completed with another student

Cheshire Property Advisers | Data Lead Developer

September 2020 – Current

- Build the company website using HTML, CSS, and JavaScript
- Using Python for automation on data and using frontend skills for designing dashboards
- Creating Excel reports and presenting the work to Directors
- Working on various projects to speed up workflow
- Automating processes in Excel using VBA, Word and Outlook for a quicker and convenient method of working

LTE Group (The Manchester College) | HRIS System Analyst

July 2019–July 2020

- Managing iTrent's structure in terms of Units, Posts and Positions, correcting any systematic faults/errors
- Devising reports within SAP Business Objects to prevent any typo error from the HR team and schedule reminders
- Working on various projects and managing different systems such as TOPdesk, Supportworks, iLearn & iTrent

Salix Homes – Salford | HR Project Systems Advisor

March 2019 – July 2019 (FTC)

- Maintain and enhance systems, controls, and processes and document these in line with the policy and procedures for the company
- Create chain processes for new starters to complete their onboarding on the system and integrating this with Workflow to set triggers and other chain processes

Manchester Airport Group | HR Advisor

January 2019 – March 2019 (Interim)

- Ensure recruitment, including advertising, interviews and inductions are conducted in line with legislation and MAG's own core values
- Review the execution of Return to Work and Exit Interviews and monitoring trends

Bupa | People Operations Administrator

May 2018 – December 2018

- Using the HR system Workday to complete daily tasks
- Working through ServiceNow tickets to ensure they are not going out of SLA's
- Assisting and coaching Managers on how to record, input data and navigate their way around the system

EDUCATION

- Cheadle College, Manchester – September 2009 – July 2010
- BTEC National Diploma Business Studies Level 3 (Distinction)
- Burnage High, Manchester - September 2003 - June 2008
- GCSE's: 5 A* – C (Re-taken in college for Maths and English)

HOBBIES

A big passion of mine is **football,** which includes both playing in amateur league 1 and watching the best leagues battling it out for the trophy. Another hobby is **gaming**. I love the excitement and challenge of playing new games and trying to beat my high scores. I enjoy a variety of different types of games, from action-packed first-person shooters to strategic role-playing games. **Gaming** allows me to escape from the real world for a while and lose myself in a different world filled with adventure and possibility. It's a great way to relax and have fun after a long day.
